

Statement of Intent to Volunteer Services

It is my intent to give service as a volunteer to Littlerock Fire Rescue. I understand that I will not receive compensation for my services, but may receive a nominal fee and/or expense reimbursement, as determined by the Board of Commissioners.

I offer my services freely and without pressure or coercion direct or implied from any member of the Littlerock Fire Rescue staff or board. In addition, I understand that my service as a volunteer is subject to termination from the program without notice by both myself and the District. I understand that I am not an employee, and that as a volunteer, I am not subject to employment laws.

I understand that volunteer duty responder shifts worked at Station 11-1 are voluntary and are not required, but if I choose to work these shifts I will receive "per diem" for the meals missed by being on duty per policy.
